

Daylilies in the gardens at Casa Nova
To add photos taken in situ and locations

	<p>Hemerocallis 'Ali Sheldon' x3</p> <p>Palest yellow seeping from the centre into creamy-white, slightly frilled falls. 60 cm</p>
	<p>Hemerocallis 'Gentle Shepherd' x3</p> <p>One of the first and best attempts to create a white Daylily. Beautiful, large, creamy-white flowers. 45 cm</p>
	<p>Hemerocallis lilioasphodelus x6</p> <p>This lovely old species has been grown since the 16th century. Perfect lily-shaped flowers of clear light yellow are very sweetly scented. Early summer. 76 cm.</p>

Hemerocallis 'Light the Way' x3

Above tidy clumps of strong foliage are poised large wide-open flowers, up to 15cm across, very pale greenish-cream. 75cm

Hemerocallis 'Pink Sundae' x3

Softly ruffled pale apricot petals with a paler zone along the centre of each petal. July-Aug. 91 cm.

Awaiting transplantation:

	<p>3 x COUNTRY CLUB</p> <p>Pale salmon pink with a small gold throat. Lightly crimped petals. Ideal for border planting. Deciduous foliage. Will sometimes rebloom at the end of summer.</p> <p>Hemerocallis - July-August - size:50cm - colour:Pink</p>
	<p>3 x SPIRIT OF FREEDOM</p> <p>Dark, velvety, garnet-coloured flower with a lighter line along the middle of its wide petals. Harmonious shape and good branching. Sometimes reblooms in late summer. Deciduous foliage.</p> <p>Hemerocallis - June - size:75cm - colour:Red</p>
	<p>3 x SOMBRERO WAY</p> <p>Rich, deep pinkish orange. Round flower with particularly wide tepals. A regular prize winner! This tetraploid variety will sometimes re-bloom in late summer! Deciduous foliage.</p> <p>Hemerocallis - August - size:65cm - colour:Orange</p>
<p>[no photo] 3 x BUDDHA</p>	<p>3 x BUDDHA</p> <p>Very dark velvety red with a greenish bright yellow throat. Good branching. Deciduous foliage. Will sometimes bloom a second time in late summer or autumn.</p> <p>Hemerocallis - June-July - size:75cm - colour:Red</p>
	<p>3 x COMMANDMENT</p> <p>Between apricot and orange with wide tepals. An excellent fast-growing garden plant. Tetraploid variety. Will sometimes re-bloom in the fall. Deciduous foliage.</p>

	Hemerocallis - June-July - size:65cm - colour:Apricot
